# About Kinderfeets®

To grow, we believe that we must be willing to push ourselves outside of our comfort zones—venturing bravely without the promise of a second hand or set of training wheels to guide us along. Is it possible for little ones to learn this life lesson early on? At Kinderfeets, we believe the answer is a resounding “yes!”

Born in the Netherlands where a love for biking is fostered at a young age, Founder Oscar Mulder was determined as a young parent to cultivate an appreciation for adventure in his son. What began as a one-time project to build his child a balance bike quickly developed into a thriving children’s company that now inspires kids across the world. Today, Kinderfeets is a sustainable toy manufacturer supporting children in their pursuit of growth and independence.

Inspired by traditional Dutch bikes, Kinderfeets is a play on words for the Dutch word “*kinderfiets*,” which translates to “child’s bike.” From the outside, our bikes and trikes may appear simple in design, but purposeful characteristics like non-toxic materials, adjustable seats, low step-through frames, handlebar grips and biodegradable tires promise children a safe and comfortable riding experience. Additional products like baby walkers, push-along animals, bike accessories, educational toys and balancing boards are also offered to ensure children are supported in every area of their development.

Set your little one up for a lifetime of adventurous, planet-friendly living through Kinderfeets play. In doing so, you might resurface your own childlike spirit — once again seeing the outdoors as a space of boundless adventure and life as one big opportunity to *simply just enjoy*.

New products include the Kinderfeets Tummy Glider, Tiny Glider, Cargo Bike, and Kinder Scooter— great for inviting children to explore their imagination through active play with friends. We are especially proud of our new Pikler system: Small Triangle, Medium Triangle, Triple Climber Triangle, Rocking and Climbing Arch, and the Ramp & Slide! Through physical developmental play with the Pikler system, children gain muscular and cardiovascular strength, build self-esteem, improve gross motor skills and explore their imagination simultaneously!

Today, Kinderfeets reaches nearly 20 countries around the world — one of them being where we originated, The Netherlands! As we continue to grow and be recognized as a trusted global children’s brand, we remain committed to using sustainable manufacturing methods and developing toys that inspire adventurous learning. We cannot wait to show you what we have in the pipeline for the upcoming year!

Of course, the business would not be a success without our incredible partners, importers, retailers and customers. For you all, we are eternally grateful. Together, we are bringing imaginations to life, supporting early development and building confidence — all through exploratory play! It’s a true gift to do what we do here at Kinderfeets, and we look forward to watching little ones all over the world grow up to be brave individuals that never forget the importance of a play.

# Investing in our children's future

**"TREAT THE EARTH WELL...  
WE ARE BORROWING IT  
FROM OUR CHILDREN."**

NATIVE AMERICAN PROVERB

WHEN WE SET OUT TO MAKE OUR KINDERFEETS, WE WANTED TO MAKE AN INVESTMENT IN THE FUTURE OF OUR KIDS.

OUR EFFORTS HAVE EARNED THE TOY MAN® ECO-RECOGNITION SEAL™ AND GREEN GOOD DESIGN AWARD, BUT IT'S OUR CHILDREN WHO WILL BENEFIT FROM OUR ENVIRONMENTALLY-CONSCIOUS KINDERFEETS.

WE ARE PROUD TO WORK WITH TREES FOR THE FUTURE TO PLANT MORE TREES ON OUR PLANET!

OUR BIKES AND TOYS ARE MADE FROM **SUSTAINABLE** AND RENEWABLE RESOURCES SUCH AS BIRCH AND BAMBOO

WE ONLY USE **NON-TOXIC** WATER-BASED PAINTS AND LACQUERS, AND NON-FORMALDEHYDE GLUE

WE USE MINIMAL PACKAGING MATERIAL MADE FROM **RECYCLED** PAPER AND WATER-BASED INK

THE AIRLESS EVA TIRES ARE **BIODEGRADABLE**; YET FUNCTION VERY MUCH LIKE PNEUMATIC TIRES

OUR PRODUCTS ARE **SAFETY-TESTED** FOR THE EUROPEAN, NORTH AMERICAN, AND AUSTRALIAN MARKETS

**WHY BAMBOO?**

There are many benefits to using bamboo that we took into account. Bamboo is stronger than steel and heartier than most hardwood, making it a versatile and valuable building material. That means a high-quality, high-durability bicycle.

Bamboo is also eco-friendly in many ways. It produces more oxygen and absorbs more carbon dioxide than trees. While hardwood takes 30-50 years to mature, bamboo takes between 3-5 years and requires no pesticides or chemicals to encourage the maturation process.

Bamboo is grown in developing countries, so we are proud to support a sustainable way of living for many impoverished populations. Our commitment to Mother Nature is at our forefront, and using bamboo is just one way of giving back.

## Kinderfeets® Balance Bike

2+  
YEARS

The eco-friendly Kinderfeets bikes are handmade, award-winning, wooden push and balance bikes that help toddlers comfortably transition to a pedal-powered bicycle. Unique features like adjustable cushioned seats, biodegradable airless tires and a patented low step-through frame with foot pegs make Kinderfeets a bike beyond compare.

Help toddlers comfortably transition to a pedal-powered bicycle

**Ergonomically-designed** seat and handlebar position to encourage good posture and maximize comfort

Non-toxic safety hand grips featuring **hand protection bumpers**

Patented Dutch-inspired, **low step-through frame** which places children's feet closer to the ground so they feel safe

**Adjustable** cushioned seat that adjusts from 12" to 15" (30 to 38 cm)

**EVA airless, biodegradable** tires

**Handmade** with the wood of fast-growing birch trees or bamboo—a **replenishable** resource. AND we plant trees with Trees for the Future!

**Foot pegs** help children position their feet properly for cruising and to prepare for pedals

## Kinderfeets® Tiny Tot® 2-in-1 Bike

Start exploring the world on wheels! Is your little one eager to start riding but not quite ready for a balance bike? The Kinderfeets Tiny Tot 2-in-1 Bike offers even the tiniest ones the opportunity to develop their understanding of balance and coordination.

Designed for “tiny tots” ages 12 to 24 months, Kinderfeets Tiny Tot starts off as a tricycle. When the child is ready, it easily converts into a 2-wheel balance bike. Its comfortable and patented design features allow tiny tots to ride safely and fearlessly. It’s the smallest 2-in-1 balance bike on the market!

Smallest  
2-in-1  
balance bike

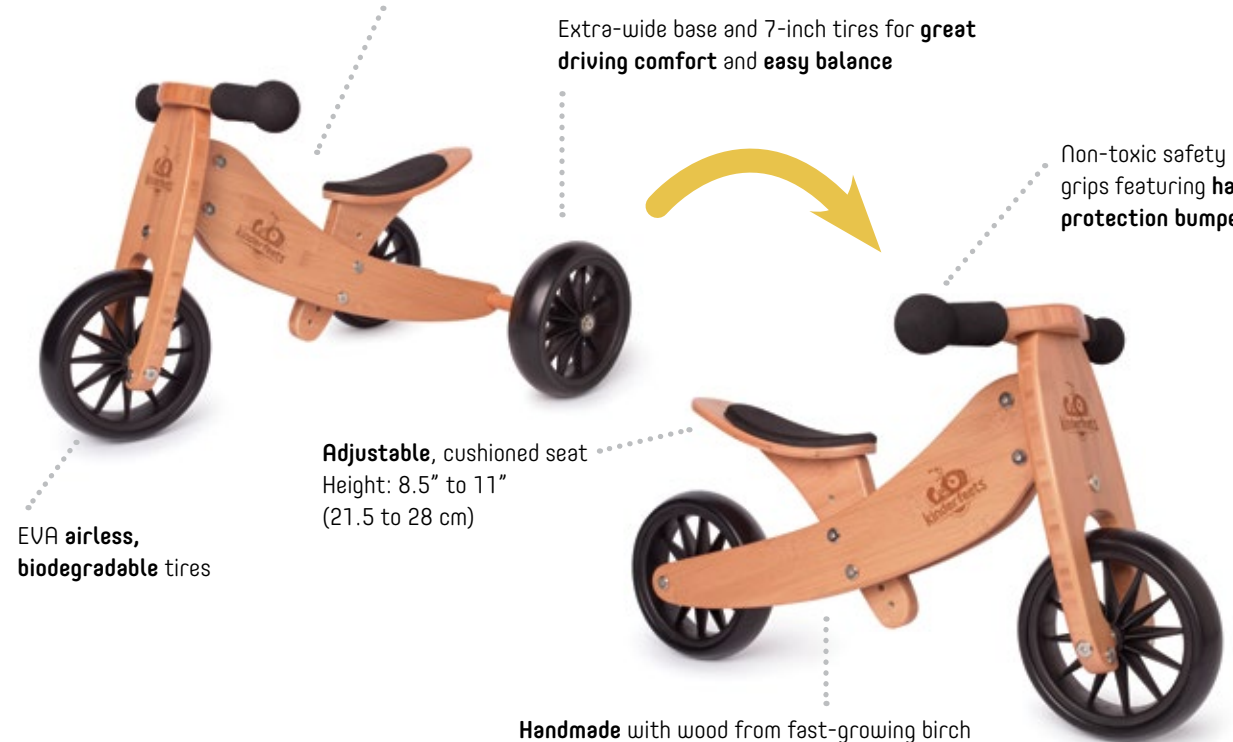

FOR AGES 12 TO 24 MONTHS

## Easily converts from a tricycle to a 2-wheel balance bike!

Patented Dutch-inspired, **low step-through frame** which places children’s feet closer to the ground so they feel safe

# Kinderfeets® Kinderboard®

18+ MONTHS

Endless possibilities for creative play  
indoor and outdoor, for home or at school

The Kinderboard is a Waldorf-style multi-use toy created to help boost children's balance skills, coordination, body awareness and physical strength, while stimulating their imagination.

Excellent for supporting both physical and mental development, the Kinderboard inspires open-ended creative play for all ages from toddlers to adults. Watch your child's imagination take over as the Kinderboard becomes a seesaw, balancing toy, slide, stepping stool, boat, resting nook, tunnel, and so much more!

Made of durable bamboo or German beechwood suitable for indoor and outdoor

Dutch-designed multi-use toy for early childhood classrooms or home use to support mental and physical development

Water-based lacquer in natural beech, bamboo, and a range of non-toxic colors

Made with eco-friendly German beechwood\* or bamboo. AND we plant trees with Trees for the Future!

\*The timber is sustainably sourced from an FSC-certified supplier. Made in an ethically-run factory that Kinderfeets inspects and evaluates regularly.

Boost the development of balance skills, imaginative thinking, coordination, body awareness and physical strength through active play

**Kinderboard LARGE:**

**Kinderboard:** For age 18 months and up; tested for up to 485 lb (220 kg)

**Kinderboard LARGE:** For age 7 years and up; tested for up to 485 lb (220 kg)

12+ MONTHS

At only 4 lbs, the Kinderboard LITE is a smaller and lighter Kinderboard suitable for tiny tots age 12 months and up!

### Simply a labor of love

Our Kinderboards are crafted with European Beech plywood—a denser timber that is naturally strong enough to withstand a lifetime of energetic play. Although beech plywood is a more expensive material, its qualities align with our high standards for sustainable manufacturing, flexibility, durability, weather-resistance, and child safety.

Through our eco-conscious choice of materials and sustainable practices, our Kinderboards are the most intentionally-developed and ecologically-friendly board on the market.

7+ YEARS

Kinderboard LARGE—Our largest Kinderboard designed for both adults and kids for fitness and play, at home or at the gym!

# Kinderfeets® Balance Disk

3+ YEARS

Build physical strength and test your agility with the Kinderfeets Balance Disk! The disk is the perfect sustainable tool for developing body stability, core strength, good posture and mind-muscle connection. Children can test their balance and coordination while developing important muscle groups and improving their focus. Adults can practice balancing with good posture while working at a standing desk, or perform squats to develop core and lower-body strength. The disk is fun for the entire family!

made of eco-friendly bamboo

## Build physical and core strength, and improve agility and balance

# Kinderfeets® Cargo Walker® 2-in-1 Walker

12+ MONTHS

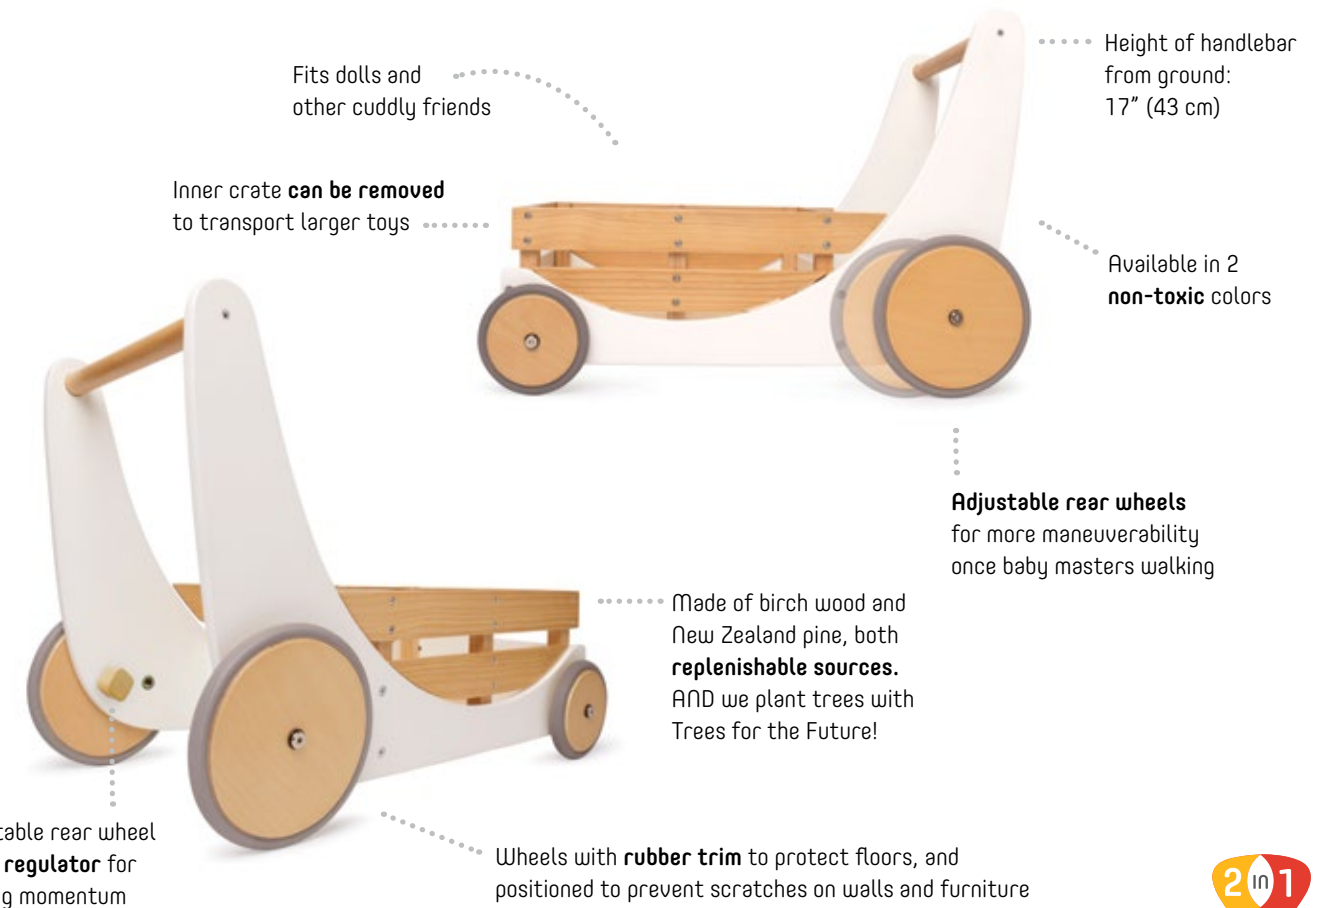

Introduce your little ones to the versatile fun of the Kinderfeets Cargo Walker—a toy that serves as both a wagon for toys and a walker for newly-mobile children.

Whether indoors or outdoors, the Cargo Walker is the perfect way to get babies comfortable taking their first steps as they start to explore the world. Its clever design allows adjustments for maneuverability as the tot masters walking. Kids have so much fun putting their toys in the wagon and taking them for a stroll.

## Easily converts from a baby walker to a cargo wagon!

Fits dolls and other cuddly friends

Inner crate **can be removed** to transport larger toys

Height of handlebar from ground: 17" (43 cm)

Available in 2 **non-toxic** colors

**Adjustable rear wheels** for more maneuverability once baby masters walking

Made of birch wood and New Zealand pine, both **replenishable sources**. AND we plant trees with Trees for the Future!

Adjustable rear wheel **speed regulator** for limiting momentum

Wheels with **rubber trim** to protect floors, and positioned to prevent scratches on walls and furniture

# Kinderfeets® Pram 2-in-1 Walker

12+ MONTHS

A toy that doubles as two was our inspiration for creating our Kinderfeets Pram. Both a baby walker for newly-mobile little ones and a pram, it's the perfect way to get babies comfortable taking their first steps.

Once they master walking, the pegs can be easily removed, turning the walker into a pram to store toys. Kids have so much fun putting their stuffed friends and dolls inside and taking them for a stroll. The Kinderfeets Pram supports your child's journey in enjoying their first adventures and beyond on their own two feet.

## Easily converts from a baby walker to a pram!

Made of birch wood, a **replenishable source** AND we plant trees with Trees for the Future!

Height of handlebar from ground: 17" (43 cm)

Fits dolls and other cuddly friends up to 14" (35 cm)

Fully-assembled, no assembly or tools needed

Retro-inspired large wheels for easy maneuvering, with rubber trim to protect floors

Support pegs designed for safety and to prevent tipping. Simply remove when extra stability isn't needed.

# Kinderfeets® Tent

3+ YEARS

Side window provides a view

Explore a world of adventure with the Kinderfeets Tent! The tent inspires fantasy play and supports a wide range of cognitive developmental areas. The Kinderfeets Tent is fit for both indoor and outdoor play. Set up the tent in the backyard and take a nap in the warm air. Play hide and seek with the tent as a safe space. Invite friends to come inside for conversation and social play. Create a home for dolls and stuffed friends, or pretend play as a camp counselor! The opportunities for imaginary and adventurous play are boundless.

## Boundless opportunities for indoor and outdoor imaginative play

Fit for both **indoor** and **outdoor** play

Crafted using **sustainable** New Zealand pine wood

**No tools required** for assembly

**Side window** provides natural light and a connection to the outside

**100% natural** cotton fabric

- Suitable for age 3 years and up.
- Eco-friendly
- Dimensions: 51" L x 55" W x 51" H (129.5 x 140 x 129.5 cm)  
Weight 3.4 lb (1.55 kg)
- Case Pack: 4  
Dimensions: 60" L x 11.8" W x 9.8" H (152 x 30 x 25 cm)  
Case Weight: 42.8 lb (19.4 kg)

## Kinderfeets® Arches

12+ MONTHS

Made of  
FSC-certified  
pinewood

Explore an original toy used in Waldorf and Montessori play: the Kinderfeets Large Arches in natural pinewood or rainbow! 12 stackable wooden arches encourage children to sort, assemble and develop cognitive skills while enjoying imaginative free play.

Discover all of the endless ways that the arches can be incorporated into play scenarios—as fences in farm scenes, as bridges and infrastructure in constructed towns or cities, as napping nooks for dolls and fluffy friends, and so much more.

Build cognitive skills through exploring imaginative play scenarios

12 large, **stackable** wooden arches

**Handmade** using FSC-certified pinewood and soft, water-based paints

Designed for children to sort, stack, assemble and incorporate into **endless play scenarios** and bring them closer to nature

**Embraces Montessori and Waldorf concepts** to encourage imaginative play and support cognitive development

Also available in **natural wood**

# Kinderfeets® Birdhouse

3+ YEARS

A fun craft activity to stimulate creativity and develop fine motor skills

Turn the Kinderfeets Birdhouse into a creative masterpiece! Your little one can transform this wooden house into a magical home for birds.

Use the provided brushes and colors (or paints of your own) in addition to beads, jewels, dried flowers, and pieces of nature to creatively express yourself. Don't forget to invite siblings, parents and/or grandparents to help!

Comes fully-assembled with paintbrushes and non-toxic paint in 6 colors.

**Natural hemp string** provided for hanging

**3 cm (1.2") bird hole** suitable for attracting small garden birds

**Fully-assembled and ready to decorate**; includes 2 paintbrushes with 6 water-based paint colors

**Encourages appreciation** for nature, wildlife and feathered friends

Crafted using **sustainable** FSC-certified New Zealand pine wood, and finished with a water-based lacquer

**Unlimited artistic possibilities**—decorate with your own materials or use the provided paint to turn it into a masterpiece!

- Suitable for age 3 years and up.

# Kinderfeets® Animals and ABC Blocks

12+ MONTHS

Made of durable bamboo

Our Kinderfeets Push/Pull Animals are handmade with durable bamboo. Development of fine motor and tactile skills, communication, and creative thinking are supported as little ones grasp, roll, push and play with the animals.

Kinderfeets Bamboo ABC Blocks include 18 bamboo blocks with letters, numbers, 4 elements of the earth and 4 season symbols. They help children develop their language and communication skills, concentration ability, fine motor skills, and hand-eye coordination. Learn to build, stack, spell, count, and categorize!

03614 • Push/Pull Unicorn

03615 • Push/Pull Swan

03616 • Push/Pull Rabbit

03625 • ABC Blocks

Each animal makes a soft jingle sound when moved to stimulate active engagement. Rubber rimmed wheels prevent scratches to household surfaces.

### Push/Pull Animals

- Dimensions: 6.7" L x 3" W x 5" H (17 x 7.5 x 13 cm); Weight 1 lb (0.46 kg)
- Case Pack: 12  
Dimensions: 26.6" L x 9" W x 16" H (67.5 x 23 x 41 cm)  
Case Weight: 13.2 lb (6 kg)

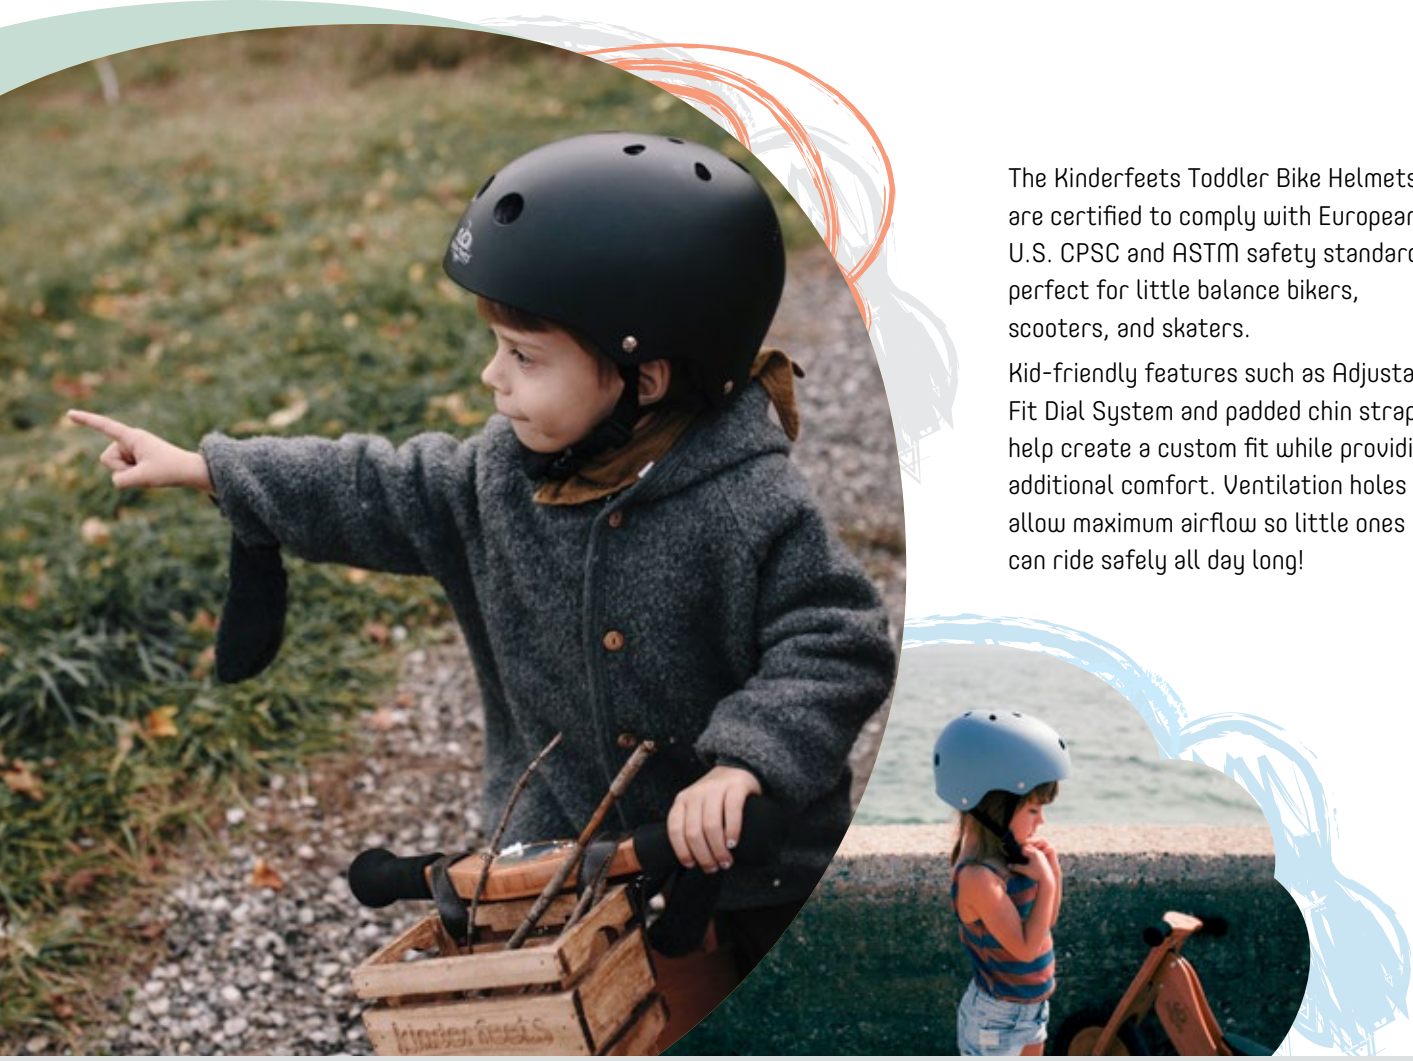

### ABC Blocks

- Dimensions: 1.5" L x 1.5" W x 1.5" H (3.8 x 3.8 x 3.8 cm); Weight 1.26 lb (0.57 kg)
- Case Pack: 6  
Dimensions: 10.24" L x 6.8" W x 9" H (26 x 17.2 x 23 cm)  
Case Weight: 9.3 lb (4.2 kg)

# Kinderfeets® Helmets

Dual-certified protective gear for  
little bikers, scooters, and skaters

The Kinderfeets Toddler Bike Helmets are certified to comply with European CE, U.S. CPSC and ASTM safety standards—perfect for little balance bikers, scooters, and skaters.

Kid-friendly features such as Adjustable Fit Dial System and padded chin strap help create a custom fit while providing additional comfort. Ventilation holes allow maximum airflow so little ones can ride safely all day long!

Fits toddler head circumference\*  
**46–52 cm**  
**(18"–20.5")**

\*To ensure a perfect fit, measure the circumference of your child's head starting from the middle of the forehead and make sure it is within range.

**Pinch-proof** buckle protector and padded chin strap

**Dual-certified** with U.S. CPSC Bike and ASTM Skate safety compliance

Available in several colors

**ABS outer shell** with EPS liner

**Adjustable Fit Dial System** to create a custom fit
