**GLOBBER**

**2023**

**We are**  
the pioneers  
the disruptors  
the history-makers  
the game-changers  
the **trailblazers**

GLOBBER is the

**1<sup>st</sup>—and only—**

scooter brand in the world  
to use recycled plastic  
across a collection—  
**not just 1 scooter, but 100+.**

**Innovators:  
Design. Function.  
Ecologic Production.**

# GLOBBER DNA

Every challenge sparks an opportunity. Ours is simple: Capture the *joy* of scooting and *passion* to redefine what's possible.

**Born not by the ego of an individual but the power of a team,** Globber unites distinct but complementary skills and specialities to bring joy on wheels for all!

## ICONIC

**Born in France. Built for all.**

With France as our birthplace and home to our designs, excellence is inherent to our DNA.

Anyone can claim quality. But for us, it's proven: Not only award-winning designs but #1 rankings on mechanical, chemical, and safety tests by international certification regimes.

With Globber, your kids are in good hands: Safety comes first in our scooters, which are made to last and adapt, built to move and improve, designed for fun and everyone.

Parents approve. Kids? **"J'adore!"**

## INVENTIVE

**Reinventing the classic scooter.**

A powerhouse of brilliant minds, our design team in France and the engineering team in the factory are the perfect combination to form cutting-edge technology and invent patents for ground-breaking Globbers.

# IMAGINATIVE

**Inspiring joy on wheels.**

We run on wonder: exploring the world on wheels, hopping on adventures, creating happy memories, and sharing quality time.

Globber is proud to be part of life's moments: trips to work, hangouts with friends, sunny days in the park, first steps, first scoots, and everything between.

Unleashing imagination and celebrating moments for a better world on wheels—that's our guiding light.

**1<sup>st</sup>**  
**SCOOTER BRAND IN THE WORLD**  
 to use recycled plastic in majority of products

## GREEN

**All in for a greener world on wheels.**

We currently have 60-100% GRS plastic\* in our **ECOLOGIC** collection and 25-40% GRS plastic\* in our entire 3-wheel collection (which represents the majority of our products). We are working towards 100% GRS plastic\* across all collections.

**We are proud to be the 1<sup>st</sup>—and only—scooter brand in the world to achieve these milestones.**

With not just 1 but 100+ GRS-made scooter options, Globber gives an array of choice for people to positively impact the planet while reflecting their own style and eco values. Choose Globber. Choose greener.

*\*In applicable components*

# Scoot to Eco-Evolution

A greener world on wheels—that's our mission...

We are proud to be the **1<sup>st</sup> scooter brand in the world** to achieve these milestones:

 Working towards **100% GRS plastic\*** across all products

 Currently **25-40%** GRS plastic\* in our 3-wheel collection

 New **ECOLOGIC** Collection  
**100%** GRS plastic & biodegradable wheat-straw\* in **GO•UP FOLDABLE PLUS ECOLOGIC**

**60%** GRS plastic & biodegradable wheat-straw\* in **JUNIOR FOLDABLE LIGHTS ECOLOGIC**

**Made with 100% love\*\***

\*\*In all components

## Kick the CO2 habit

The transport sector emits +20% of the world's carbon. But **sustainable urban mobility is our pièce de résistance**: Iconic rides that are eco-friendly and emission-free by their very nature.

World cities like Lyon (where we're designed), Hong Kong (where we're HQ'd), Zurich, Paris, Seoul, Prague, Vienna, London, Singapore, Stockholm, Frankfurt, and many more lead sustainable urban mobility—and we're proud to be **there for all, every scoot of the way!**

# Make it GREEN

## **Global Recycled Standard = Globber Standard**

**Globber is committed to reducing waste by reusing it:** Our 3-wheel collection is made with 25-40% GRS plastic\* —and we're working towards 100% GRS plastic\* across all collections.

Global Recycled Standard (GRS) is an international protocol that verifies recycled content in final products. It covers the full supply chain, shows truth in materials, and supports a circular economy.

Using GRS plastic saves energy and water and prevents tonnes of waste from going to landfills.

## **Greener Manufacturing**

As we build up to 100% GRS plastic\*, our manufacturing processes are GRS-certified by the IDFL Laboratory and Institute. From the USA, IDFL is a trusted and accredited certifying body for major textile standards. Their GRS certification guarantees that we voluntarily but wholly adhere to strict GRS manufacturing protocols:

- Procuring our GRS plastic from GRS-certified suppliers only
- When producing our GRS components, implementing special manufacturing and warehouse areas to avoid mixing with non-GRS plastics
- Post-production, trading any remaining GRS plastic to renewable resource recovery firms for further reuse

## **We exist to disrupt our industry**

We are proud to be the **1<sup>st</sup> scooter brand in the world** to apply this esteemed international standard, pioneering a greener world on wheels.

*\*In applicable components*

# Make it GREENER

## Wheat-Straw + GRS on New ECOLOGIC Collection

Our new **ECOLOGIC** collection is the 1<sup>st</sup> of its kind to infuse biodegradable wheat-straw with GRS plastic\*:

**GO•UP FOLDABLE PLUS ECOLOGIC:**  
100% GRS plastic + wheat-straw\*

**JUNIOR FOLDABLE LIGHTS ECOLOGIC:**  
60% GRS plastic + wheat-straw\*

Wheat-straw is a bioplastic that's 100% biodegradable and renewable. A by-product of wheat harvesting, it diverts from the waste stream, helps surrounding material decompose, and minimises environmental impacts of production and non-renewable resources.

### Greener Sourcing

While traditional plastic production drills the earth and extracts oil to make synthetic polymers, our supplier's wheat-straw production reuses refuse and breaks down the plant's walls to yield natural polymers: cellulose and lignin.

Non-toxic, strong, and durable, these natural wheat-straw polymers plus GRS plastic\* ensure our new **ECOLOGIC** collection is recycled and biodegradable\* while being structurally sound, safe, and sustainable to scoot all day, every day!

*\*In applicable components*

# All-in-One for years to come

Our all-in-one rides adapt with growing kids throughout their childhood years, promoting longevity and a sustainable choice for families. For example:

- The EXPLORER TRIKE transforms up to 4-in-1 modes of fun (10M-5Y): Infant trike, guided trike, training trike, and balance bike. A playtime buddy that changes with your child!
- The GO•UP integrates 3-in-1 ways to play (15M-3Y+): Ride-on, walking bike, and scooter. Grow up on your GO•UP!
- The ULTIMUM lasts a lifetime (5Y+): A 3-wheel ride with a 6-height adjustable T-bar and a frame that supports 100kg. Customise and ride from childhood to adulthood!

**Just as we value longevity, we value reusability**

Don't discard—use Globber spare parts! Extra wheels, screws, clamps, brakes, and more make your Globber as good as new for years to come!

## Can you hear the eco?

**35+ million trees planted worldwide in 2022**

Partnering with One Tree Planted, a non-profit organisation dedicated to reforesting the globe, we're proud to echo—and contribute to—this meaningful initiative.

We've also designed our PRIMO FOLDABLE WOOD LIGHTS with an FSC-certified wood deck. FSC-certified wood is sourced from responsibly managed forests recognised by the internationally accredited Forest Stewardship Council (FSC).

Together in sustainably replanting and harvesting, we can help gain more forest grounds and rejuvenate biodiversity, breathing new life into the planet.

# WHAT'S NEW?

## Globber in a world on wheels

*Sharing fun and enjoying life—that's what we're all about.*

Shout out to our partners and teams around the world, Globber is proud to be part of real-life experiences that celebrate both people and scooting!

### 4L Trophy

#### Giving back and having fun!

The 4L Trophy is an annual rally across the Moroccan desert in Renault 4Ls to transport 50+ tonnes of supplies—toys, clothing, school and medical gear, sports equipment, and more—for 20,000+ kids in rural Moroccan communities.

We are proud to co-sponsor Tom and Jules in their 2022 4L Trophy expedition. Congrats to all 4L adventurers!

## Kind & Jugend Toy Fair

### Loud and proud in Germany!

We were thrilled to be back at the Kind & Jugend toy fair, an international baby and toddler expo that brings together the best in the business. It was great to see our partners once again!

### En Vogue

#### Globber struts!

Check out this high-fashion cutie MASTER the catwalk at the Hong Kong Young Fashion Designers' Contest 2022—featured on Vogue HK IG!

### Scotalia

#### Freestyling on Globbers

Founded by freestylers, Scotalia featured our GS scooters at their summer camp in Bardonecchia, Italy.

Kids at the 3-day camp learned tricks and had a blast. Cheers to the future generation of freestylers!

# Globber Spotted

## Globber is global!

Nothing is more impactful than experiencing Globber first-hand. Dynamic, interactive merchandising takes centre stage in customer engagement! Globber is proudly featured in store and mall locations all around the world:

Serbia

Hong Kong

Dubai

Spain

# Cathay Pacific

## Scoot on the fly!

Globber is on board with Cathay Pacific, Hong Kong's flagship airline!

Rewards members can redeem Asia Miles for their favourite Globber on Cathay's website, making Globber more accessible beyond traditional channels and taking scooters to the skies!

# Club Med

## Rent Globber on vacay!

Club Med's beautiful Guilin and Yanqing resorts in China feature Globber for guests.

Experiencing Globber in a safe, car-free environment, vacationers get first-hand exposure to the brand and on-site inspiration to bring Globber home!

ClubMed

# Going Green

## New look alert!

Japan's PRIMO FOLDABLE WOOD LIGHTS gets a packaging revamp with less material and a window to see and feel the FSC-certified wood deck!

# Influencers Unite

## Bloggers on Globbers!

Spain mounted a successful blogger event, featuring six influencers and their little ones to experience Globber rides—garnering 80K+ social views and a 1793% increase in web traffic.

# Awards

## A GROWING HALL OF FAME THROUGHOUT 2022

**We're adding more distinctions to our name!**

Adding to our 30+ awards:

- GO•UP FOLDABLE PLUS LIGHTS was bestowed with the esteemed iF DESIGN AWARD 2022.
- EXPLORER TRIKE 4in1 triumphed in the Made for Mums Toy Awards 2022 and the National Parenting Product Awards 2022 under the Outdoor Fun category.
- NL 230-205 DUO won The Toy Insider Award.
- PRIMO FOLDABLE FANTASY LIGHTS earned the Influencer's Top 2022 Award.

**A great winning streak for Globber all year-round!**

### New Awards, 2022

# Globber in the Digital Space

**Digital is the difference between winning customers and losing them. We're taking steps to win:**

### New Globber Website

To better tell the Globber story and give more functionality and style for seamless browsing and shopping, we are launching a new Globber website. Featuring a more convenient e-commerce experience for both front- and back-end users, the site will benefit our partners and fans across the world.

### Key 2022 globber.com Stats

- 20+** Globber websites around the world
- 115%** YoY growth in website traffic
- 15K+** Branded and non-branded keywords ranking on page 1 of Google

### New Globber Newsletter

Keeping our global partners well-connected and updated, we've also launched our monthly newsletter that showcases our social themes and spotlights wins and best practices by different Globber regions. Feeling inspired yet?

### New #globbertribe UGC Library

Globber fans around the world enthusiastically tag their photos with @globberscooters. We've curated a library of inspired user-generated content—smiles and cute snaps that show how fun scooting can be—as a powerful visual brand booster. Let Globber shine!

# NEW PRODUCTS

**Check out the newest Globbers to join our world on wheels!**

From foldable baby trikes to upgraded electric scooters, our latest products take centre stage and are now ready to ride!

## E-MOTION Series

**All-new models for a trailblazing ride!**

Packed with smart features, powerful motor hubs, and components with uncompromising quality, the new E-MOTION Series of electric scooters is better than ever! Performance-ready, E-MOTIONS can get you anywhere quickly and efficiently.

Plus, they're user-friendly and kid-friendly too with the E4 PLUS and E6 for ages 6+!

## EXPLORER TRIKE FOLDABLE 4in1

**Globber's classic EXPLORER TRIKE 4in1, now foldable!**

Keeping all the key features that make EXPLORER TRIKE 4in1 an award-winning product and a global hit, EXPLORER TRIKE FOLDABLE 4in1 also has upgraded components: The handlebars, rear wheels, safety bar, high-back seat, and footrest are now foldable, allowing parents to conveniently store and transport the trike when out and about!

# ECOLOGIC COLLECTION

Introducing an ecologic version of our crowd favourites!

GO•UP FOLDABLE PLUS ECOLOGIC  
JUNIOR FOLDABLE LIGHTS ECOLOGIC

## What's so eco about our ECOLOGIC collection?

### GO•UP FOLDABLE PLUS ECOLOGIC

- 🌿 Made with 100% GRS plastic and biodegradable wheat-straw\*
- 🌿 Detached handle = less packaging
- 🌿 Painted (non-anodized) T-bar = greener manufacturing

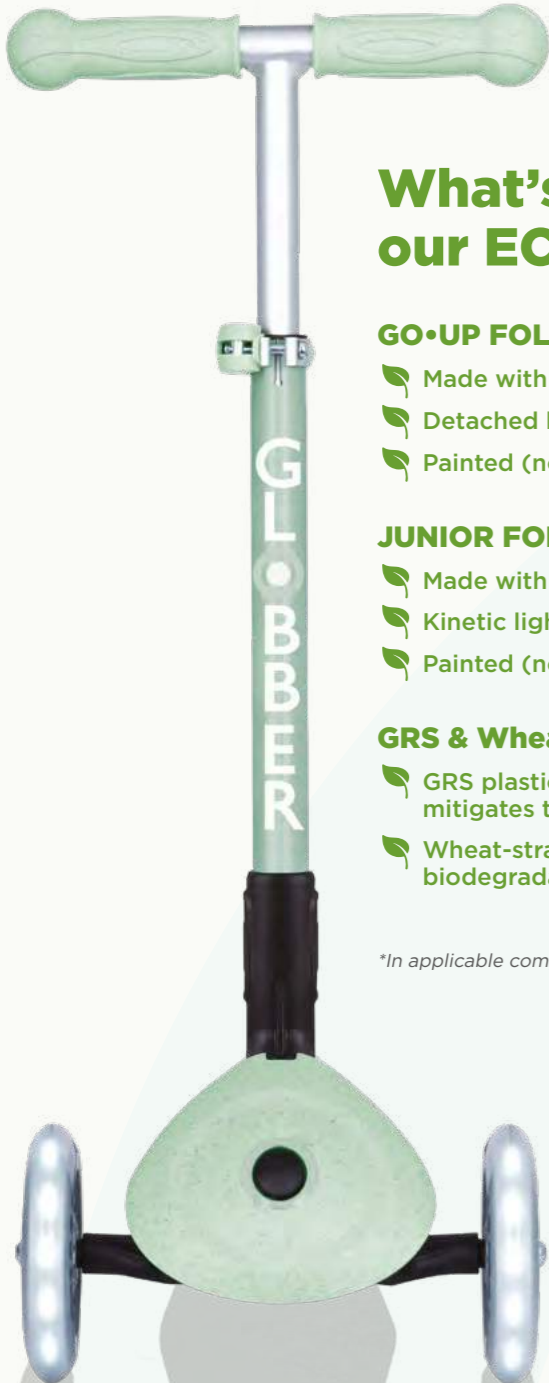

### JUNIOR FOLDABLE LIGHTS ECOLOGIC

- 🌿 Made with 60% GRS plastic and biodegradable wheat-straw\*
- 🌿 Kinetic light-up wheels = renewable energy & battery-free
- 🌿 Painted (non-anodized) T-bar = greener manufacturing

### GRS & Wheat-Straw

- 🌿 GRS plastic saves tonnes of waste from landfills and mitigates the environmental impact of manufacturing.
- 🌿 Wheat-straw diverts from the waste stream, is biodegradable, and helps other plastic decompose.

## GO BIKE ELITE

**Learn to balance on Globber's newest balance bikes!**

Globber-designed with functional features like a 100% tool-less design, an adjustable saddle, and carry handles, GO BIKE ELITE offers a range of rides with different wheel options and vibrant colours for a fun day out!

## FLOW 125 & FLOW FOLDABLE 125

### ***Upgraded and refreshed!***

The upgraded FLOW 125 and FLOW FOLDABLE 125 are fresh out of the Globber workshop with a bigger set of wheels (125mm), a sleeker Globber look, and a new deck foam design.

Keeping the durable triple deck structure and 4-height adjustable T-bar of the original, the improved FLOW is ready to go and now available with an even wider colour selection!

## FLOW ELEMENT

### ***Be in your element and go with the flow!***

Stylish, chic, and all-around smooth, FLOW ELEMENT also joins our FLOW family to offer even more innovation and choice to the market.

With an all-aluminium design and a flashy chrome finish option for that extra flair, FLOW ELEMENT delivers maximum practicality, comfort, and sturdiness!

# E-MOTION SERIES

*Go electric with e-scooters  
for kids, teens, and adults!*

Our electric scooters have been redesigned with uncompromising components and smart features to deliver quality e-scooter rides for all ages. User-friendly and safe, E-MOTION scooters come with an intuitive accelerator and a dual-braking system. What's more, our kids e-scooters (E4 PLUS & E6) come with battery-free, light-up front wheels; our teen & adult e-scooters are equipped with rubber or inflatable tires for smooth rides; and E14 & E19 come with built-in front suspension for maximum shock absorption!

**14Y+**

User-friendly accelerator throttle secured on the T-bar intuitively aids speed control.

Robust, extra-long & wide aluminium deck with a comfortable & durable silicone grip tape and a kickstand supports up to 100kg.

Dual-brake system: E-ABS and mechanical disc brake activated by the handlebar brake with an ISO rear light.

Integrated patented folding system with safety lock.

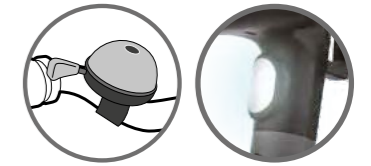

350W brushless motor.

Quality 36V, 7.5Ah lithium battery.

LCD screen with backlight displays the battery level, speed mode and current speed. Built-in speed mode settings: 0-6km/h max; 0-18km/h max; 0-25km/h max.

Super-wide aluminium T-bar with comfortable & dual-coloured TPR ergonomic grips, for kids aged 14+ to adults.

Front ISO LED light & ISO bell integrated on the handlebars.

High-quality & high-rebound 220mm 100% front rubber pneumatic tire and a 100% rear dimpled rubber tire for shock absorption, mounted on ABEC 7 bearings.

Motor Power	350W brushless motor
Max Speed*	Mode 1: 0-6km/h; mode 2: 0-18km/h; mode 3: 0-25km/h
Battery	Lithium; 36V; 7.5Ah

# LEARNING BIKE SERIES

*4 innovative ways to play, made for toddlers aged 12M+.*

Equipped with a patented steering and turning system consisting of 4 unique riding modes, LEARNING BIKE helps toddlers enhance their motor skills: steering locked mode fixes the front wheels to only move forward and backward for better balance; classic hand steering mode allows the child to turn the handles and thus wheels toward the desired direction; lean-to-steer mode allows steering by leaning towards the preferred direction for improved coordination; and the fourth mode activates both lean-to-steer and classic hand steering!

Our award-winning, innovative, and patented all-in-one design—ride-on, walking bike and scooter—delivers sought-after functionality, comfort, and lifespan for parents to get maximum usage out of one product throughout their child's development. What's more, GO•UP scooters are available in a range of colours & styles, and our GO•UP FOLDABLE PLUS & DELUXE products have a 100% tool-less design!

The new GO•UP FOLDABLE PLUS ECOLOGIC comes with 100% GRS plastic and biodegradable wheat-straw in applicable components. 🌱

All other products in the GO•UP Series are made with 30-38% GRS plastic in applicable components. 🌱

15M+

**3** 2-height adjustable, soft TPR seat, mounted on a tool-less connector tube, which easily & safely moves the seat upward and backward with a knob for maximum comfort & space.

**1** 3-height adjustable metal T-bar with comfortable TPR ergonomic grips and an anti-scratch sleeve inside the painted column, for kids aged 15m to 7+.

**2** 100% screw-less design to easily assemble and transform the product into a ride-on, walking bike and scooter.

**What's new?** Detached handle (pre-assembly) for smaller packaging.

Patented folding system with a safe and easy side push button. Trolley mode compatible.

Two battery-free LED light-up, high-quality & high-rebound 121mm front PU casted wheels flash in red, green & blue, and one 80mm rear PU casted wheel, mounted on ABEC 5 bearings.

Also available without light-up wheels.

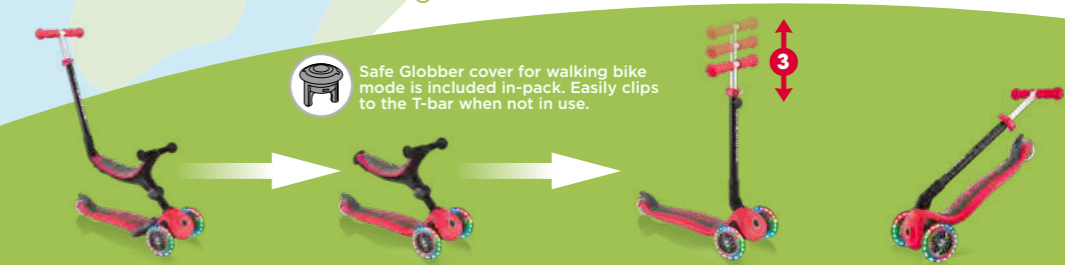

Patented steering lock button fixes the steering system of the two front wheels to only move forward & backward.

Super-low metal reinforced structure with a wide, anti-slip composite deck supports up to 50kg.

Extra-long & wide composite rear brake delivers brake efficiency and prolongs wheel longevity.

Long & wide removable footrest, with an easy-to-unscrew knob, for more comfort and safety.

# MASTER SERIES

*Redefining premium scooters  
to a whole new level.*

MASTER scooters reinvent the age-old conventions of what a premium scooter should be, characterised by a wide deck with high-quality, soft EVA foam, 5-height adjustable T-bar, and patented folding system designed for kids aged 4-14 years old. MASTER PRIME goes one step further by coming with thicker (38mm) 125mm wheels and an even more stylish finish with its swirl handlebar grips!

MASTER Series is made with 25-33% GRS plastic in applicable components. ♻️
